## Statement concerning REACH regulation (EC) 1907/2006

Dear sir or madam,

as per REACH regulation, LTI-Metalltechnik GmbH is a manufacturer and supplier of products.

Regulation (EC) no. 1907/2006 (REACH) of the European Parliament and the European Council on registration, evaluation, approval respectively restriction of chemical substances governs the manufacturing, putting into circulation and use of chemical substances.

As supplier of products covered by clause 33 of the REACH regulation, **LTI-Metalltechnik GmbH** has the duty to inform their customers if a product contains a substance defined on the list of candidates in a concentration in excess of 0.1 percent by weight in the individual sub-assemblies. As this list of candidates is updated and extended every 6 months, **LTI-Metalltechnik GmbH** is in regular touch with all of their suppliers to always have their most updated information and check their products against the list.

Please feel free to contact us if you need more detailed information.

Best regards
